

The Interview of International Students

DO THI QUYEN

International Trade 20,
/ Vietnam

2023 GKS Excellent self-
sufficient international student

Q The reason for choosing Duksung Women's University

I decided to apply for an undergraduate course since I got a lot of support from teachers and staffs during the Korean Language Courses at GEI. The best part that I love Duksung is there are plenty of cultural, educational programs for international students. In addition, I could focus on my study and self-development without worries about tuition fees and living expenses, thanks to the scholarships.

Q What is the most attractive part of my major?

There are a lot of classes taught in English in the Department of International Trade; hence, students can face a variety of cultures and ways of thinking. It's because the major is popular with international students.

Learning trade, logistics, and the economy is a great help to me, who dreams of getting a job abroad in the era of internationalization.

Q What do you want to say to the juniors who will be entering Duksung Women's University?

It's not easy to study with a language you are unfamiliar with, especially in strange countries.

However, despite that, it's worth overcoming the hardness. It would be very proud of yourself if you wouldn't give up your dream and search for what you don't know. I hope you will be together in Duksung

Q The reason for choosing Duksung Women's University

I gave up the university in Mongolia and applied for Duksung, which I have wanted to attend since high school. Duksung has a long history. Also, it is very attractive to choose two majors, and I love a variety of majors related to languages the most.

Q What is the most attractive part of my major?

I took various classes because freshmen should search for and decide on majors during a year. As my first major, I will choose Korean Language and Literature, which is related to Korean culture and life. I will also select English Language and Literature as my double major to take lectures from graduate students and English Literature that could experience literary pieces in English.

Q What do you want to say to the juniors who will be entering Duksung Women's University?

Apply for Duksung if you have a passion for your major!
All you have to do is belief in Duksung with professors, staff members, alums, and clubs supporting your dream.
Be 'Dukwool(the name of Duksung Women's University students)' with efforts for your future!

Diversity & Inclusion

Intensive Korean Language Curriculum

International Students can learn Korean Language and culture indepth through the Intensive Korean Language Curriculum Provided by the Global Education Institute. Language courses are divided into 6 different levels, and all students from who have no knowledge of Korean Language to those intending to pursuit to an advanced level are welcome to participate in the course. Each class will be consisted of less than 15 students. Exchange students are eligible to take this course exempted from tuition.

Duksung International Affairs Ambassador(DIAA)

Each international student will be matched with a Buddy(DIAA). Buddies will introduce you to campus life and help you adjust to the Korean culture and language. Most of all, they are friends with opened minds who are willing to learn your culture and share their experience with you. They will coordinate many activities throughout the semester that can enhance your stay in Korea.

Monthly Cultural Events

Duksung International Affairs opens a events for international students every months throughout the academic year. These events include International Food Festival, Korean Movie Night, visiting a national baseball game, field trips and other cultural activities. Through these activities students have a chance to experience Korean culture as well as share their culture from their own.

Student organizations & Activities

DWU has 35 registered student organizations and a variety of student clubs that cover a wide range of topics and interest areas, including but not limited to: academic, art, cultural, religious, social, and sports and leisure. Participating in student organizations will provide opportunities to connect with other students, develop social networks, explore arts and culture, and stay engaged in campus life.

Discover Korea at Duksung

Discover Korea at Duksung is an international summer program that provides a great opportunity to students to learn about Korea's language and culture. The program is consisted of Korean language classes in the morning, and cultural excursions during the afternoon. Students will be hosted at Duksung Women's University, which is located in the in the capital of Korea, Seoul, which will give a chance to explore the modern and dynamic city as well as the historical and traditional culture.
